

European Council
The President

SES 20 / 004413

Brussels,
CAB PEC/OV/sg

21. 10. 2020

Dear Ms Rivasi, Honourable Members,

Thank you for your letter of 6 October 2020 in which you ask to reform or abolish EURATOM against the backdrop of the Conference on the Future of Europe.

Ensuring the success of the green transition is a key priority of my term. The decisions that the European Council took to power the economic recovery and growth by accelerating the green transition show the consistency we seek to ensure with all EU policies.

The Conference on the Future of Europe will undoubtedly foster a collective and inclusive reflection on how to develop our policies to emerge stronger from this crisis and tackle future challenges. Sustainability is one of the areas where the Conference can bring results for the benefit of our citizens.

The Union institutional framework already offers potential to allow challenges to be addressed in an effective manner.

Thank you for your valuable collaboration in taking forward our green growth agenda.

Yours sincerely,

Charles MICHEL

Ms Michèle RIVASI
