Political Actions are Necessary

- No **European** legislation
- Enforce **governments** of member states to change the ICNIRP limits
Problem: Close relation of ICNIRP with governments
- **Local authorities:** Regional planning (land use planning)

How to do this?

Actions to enforce a change in legislation:
European Charter on Human Rights
European Convention of Fundamental Rights
(1950)

International groups replacing ICNIRP:

- BBILAN = Broad Band Int't Legal Action Network
- ORSAA, PHIRE, IGNIR, ICBE-EMF
- Other groups appear
